Forty years, twenty-eight ODs, three botched suicides, two heart attacks, a couple of jail stints, a debilitating stroke . . . Now, Steven Adler, the most self-destructive rock star ever, is ready to share the shattering, untold truth. Once upon a time, Steven Adler along with four uniquely talented but very complicated and demanding musicians helped form Guns N' Roses. They emerged from the streets, primal artists who obliterated glam rock and its big hair to resurrect rock's truer blues roots . . . and took sex, drugs, and rock roll to obscene levels of reckless abandon. By the late 1980s, GN'R was the biggest rock band in the world, grabbing headlines and awards while selling out huge arenas. But there was a price to pay. For Adler, it was his health and sanity, culminating in his brutal public banishment by his once-beloved musical brothers a humiliating act of betrayal that caused him to plunge into the dark side and spend most of the next twenty years in a drug-fueled hell. In My Appetite for Destruction, Adler digs deep, revealing the last secrets not just his own but GN'R's as well.
